

Questionnaire, to be returned in class on January, 21st.

1. Your NAME and class year. Please write the first name the way you want me to address you.

2. List all calculus courses you have taken (in college or high school). Also list the last five math courses you have taken (in college or high school).

3. Are you a math major or planning to be a math major? If not, what is your major/projected major(s) and are you planning to minor in math?

4. In a few words describe your level of familiarity with series (e.g. comfortable, was comfortable at some point but need to review, was never comfortable, never studied etc.)?
